General Notes on the Compatibility Statements of WinCC ASIA

Notice

The approval for operating system and Internet Explorer is only valid from the view of WinCC ASIA. For all other products, refer to the notes in ReleaseNotes.
Please note the respective "InstallNotes" and "ReleaseNotes" for each version. Especially the software requirements regarding Microsoft operating system and appropriate security patches. Further information on the Microsoft security patches is available in entry ID: 18752994

Please note that not all operating systems and SIMATIC components listed as well as other software packages have been either tested or approved in terms of compatibility.

Notes on WinCC ASIA

- Before installing the selected SIMATIC WinCC ASIA versions, please always observe the notes of the "Installation Notes" and "ReleaseNotes".
